# ABOUT US

We're a neighborhood ice cream shop where seasonal flavors and local love come together. Located in the Brentwood Country Mart and part of the Rustic Canyon Family, we make nearly everything from scratch in our tiny kitchen—from waffle cones to sauces to marshmallows.

Just a couple miles from the Santa Monica Farmers' Market, our menu changes with the micro-seasons—what you see at the market often shows up in our scoops the same day. As a certified creamery, we pasteurize our own all-organic dairy base for better flavor, texture and full ingredient control. No shortcuts, no additives—just really good ice cream.

Cakes, pints, carts—we've got treats for every occasion!
